Good morning SLO Jordan,

If I can have your assistance with this particular subject located on La Brea and Romaine south west corner. The subject has resided at this location for a long period of time, approximately 3 to 4 months. The subject has accumulated several bottles (approximately 20) Full of what it appears to be urine around him, bags of food and stayed at the same location during the rainy days not moving at all covering himself with only a blue flannel shirt and a yellow blanket. I am concern the subject does not care of his well being. In my professional opinion, he is mentally ill and needs to be evaluated by a special unit. HMDB.I.D officer have tried to make contact with the subject several times, there is no response by him when officers offer assistance of programs or shelter information. If you are able to help me with this subject, I appreciate it.

Thank you in advance.
